

TRUE BLUE & GOLD

THE FORMER NEW JERSEY
STATE TROOPERS ASSOCIATION

SEPTEMBER
2015

WE'VE MOVED AND OUR SERVICES ARE EXPANDING!

We're proud to announce that our Logo Merchandise Sales Operation has finally moved out of the construction trailer and into the Wilburtha Welcome Center. That's Right! Just inside the front door of Wilburtha is where you'll find our new, state of the art Logo Merchandise Store. This move has been a long time coming, but once inside the store we think you will agree, it's been well worth the wait. Even though the store has been opened since June 15th, we will be holding a "Grand Opening" celebration on Saturday, November 7th @ 9:30 a.m. We know that many of our members like to visit the store while attending our Fall General Membership Meeting, so this should be a perfect opportunity to celebrate. We look forward to seeing you there.

The movement of our Logo Merchandise Store brought with it a relocation of our FTA Office. We've occupied an office on Whitehorse/Mercerville Road for over a decade, and thanks to Colonel Joseph R. Fuentes, #3190, we are now on the 1st Floor of Building #1 at Division Headquarters. Colonel Fuentes has always been an ardent supporter of the FTA, adamant that our Association have a presence at Division Headquarters. Well, we moved in on July 16th. Next time you visit the store, stop in and see Gail!

While the opening of our new store and move to Division Headquarters is certainly a noteworthy milestone, there are other very important additions to our Former Troopers Association. Several years back, the Board came to the realization that our Association, as it was originally incorporated in 1959, prohibited many aspects of our intended charitable undertakings. You see, the FTA was originally established as a "Social/Fraternal" association which severely prohibited many aspects of soliciting and accepting donations. As such, and with the advice of our legal counsel, the Board established a 501(c)(3) Non-Profit Corporation, the *N.J. Former Troopers Heritage Foundation, Inc.* It's taken some time, but we have finally received approval from the federal government to begin our charitable work. To get a better understanding on the Heritage Foundation visit our website: www.njfhertitagefoundation.org.

The establishment of the Heritage Foundation brought with it the formation of a subsidiary, For-Profit Corporation, *True Blue and Gold, Inc.*, which now handles all profitable, income bearing aspects of the FTA and the Heritage Foundation. In essence, this diversity of operations maintains our social and fraternal existence, maximized our charitable benevolences, and focuses our profitable ventures; all while minimized our tax liabilities. To be honest, while it sounds a bit complicated you won't notice it all that much. Yes, when you renew your Association dues, you will have to make a check out to the FTA. When you want to

make a donation to the Quarter Century Club or another of our charitable funds you will be donating to the Heritage Foundation. And, when you make a purchase from our Logo Merchandise Sales Operation you will be paying True Blue and Gold, Inc. All three entities are directly affiliated with each other, and it's actually quite efficient.

PRESIDENT'S CORNER

I hope everyone is having a nice summer as we enter the fall of the year. Time seems to go faster and faster as we get older.

I would like to bring to your attention an incident that took place on July 31, 1982. It involved DSFC Hank Wolkowski 1670 and Tpr. Harry Messerlian 3125. You old timers (me included) probably remember the incident but you younger members pay attention please. It started with a two vehicle motor vehicle accident on the NJ Turnpike in the City of Elizabeth, Union County, NJ. Tpr Messerlian and another Tpr. came upon the accident in the left lane. One of the drivers (Joseph Topolosky) became belligerent and had to be handcuffed. Mr. Topolosky continued being belligerent and was thrashing around in the trooper car and kicked out one of the windows. Mr. Topolosky passed out finally and was taken to the hospital by the First Aid Squad. He later died of a traumatic injury to the brain. His blood alcohol reading was .16% BA. The cause of death is still debated by some of the most eminent Pathologists in the United States.

DSFC Hank Wolkowski was called in from home to assist Major Crimes with the investigation of the death of Mr. Topolosky. Hank interviewed one of the three people in the other car that was in the accident and the other two were interviewed by road troopers in separate rooms. After two trips to the Union County Grand Jury Tpr. Messerlian was cleared of any wrong doing and was also cleared by the Newark Office of the FBI and the US Attorney's Office. The case was then pursued by a special unit of the Civil Rights section of the US Justice Dept. After four years of investigation, two Federal Grand Juries and a lengthy trial in Federal Court, Tpr. Messerlian was convicted of depriving a person of his civil rights by causing his death and Hank Wolkowski was convicted of conspiring to obstruct justice and not guilty of perjury.

Two other troopers were found not guilty of perjury and conspiracy. Tpr. Messerlian received a sentence of ten years in Federal prison and Hank Wolkowski received a sentence of one year. There were also nine troopers, including one Lieutenant and one Sergeant, who were listed as "un-indicted co-conspirators" by the US Justice Department, a term that no one to this day can figure out since there was no indictment against these nine troopers. There is much speculation that the US Justice Department and the Judge were biased against Harry and Hank during the trial and much evidence in favor of the defense was not allowed.

After exhausting all appeals up to the US Supreme Court, both Harry and Hank served their sentences in Federal prison in Sandstone, Minnesota.

On August 25, 1995 Hank Wolkowski received "Executive Clemency" from Florida Governor Lawton Chiles (Executive Order 98C-37) which enabled him to work in the security field in Florida.

Hanks request for a Presidential Pardon from President Clinton was denied on May 21, 1998. His additional request for a Presidential Pardon from President Bush was denied on May 1, 2006.

I have already sent a letter on November 14, 2013 to Governor Christie requesting Executive Clemency in New Jersey. I was advised by the Governor's Chief Counsel, Christopher Porrino that this request will be handled by the NJ Parole Board. The Parole Board advised me that it probably will not be acted upon until Governor Christie is about to leave office.

I am asking all members who are aware of this incident to sit down and write a letter to Governor Christie requesting executive clemency for Hank as was done by Florida Governor Lawton Chiles in 1995. I think it's very important for as many letters as possible to reach the Parole Board to show great interest in this request. Write letter to;

Thank you for your help in this matter.

May God Bless you all

FTA FALL MEETING REMINDER

Coffee and donuts will be served before the meeting and all attendees are invited to lunch immediately following.

A MESSAGE FROM THE EDITOR

An awful lot has happened to your Former Troopers Association in the recent past. As I touched on in the lead story, we've expanded, and that diversification puts us on the path to increasing our benevolence work substantially. But that's only part of it! While the diversification minimizes our tax liabilities, it also affords contributors the opportunity to claim donations as an approved personal or business income tax deduction. Under our previously established social/fraternal association structure those important benefits were non-existent. Starting with this issue of True Blue & Gold, you will find an additional "Business Updates" sections in the newsletter. Included in this section will be updates on the N.J. Former Troopers Heritage Foundation, Inc., and the True Blue and Gold, Inc. entities, including: benevolence and/or business activities undertaken by their respective boards. As each of these affiliates has just begun operations, this issue will focus mainly on their individual missions, and an introduction of their respective Boards of Directors.

Some of you may recall an article I wrote for the Fall 2010 newsletter titled, *The Centenarian Club – 100 Years*, wherein I chronicled the longevity of our three senior, retired Jersey Troopers: Major Hugo Stockburger, #504; Trooper Leonard Snearowski, #708; and Lt. Walter W. Schuler, #796. At the time of that article, five years ago, only Major Stockburger had reached the age of 100 years, quietly celebrating his centennial passage on December 28, 2006. Regrettably, I also noted that Major Stockburger had passed away six months later on June 19, 2007. I closed out that article indicating that I would be keeping tabs on Trooper Snearowski and Lt. Schuler in the hopes that we could commemorate their induction into *The Centenarian Club*. Unfortunately, Trooper Snearowski passed away the following year on June 19, 2011, at 98 years of age. And, while in the midst of writing this newsletter issue in anticipation of acknowledging Lt. Schuler's upcoming longevity, I was contacted by his daughter Carol with the sad news that he had passed away on August 27, 2015, just three weeks shy of his 100th Birthday.

Oftentimes, we take our senior members and their life experiences for granted. I had the esteemed honor of meeting each of these gentlemen and gleaning a very brief glimpse of all they had to offer. They served in a very different time, a time when our Department of State Police was just taking hold, a time of hardship for many, a time most of us would hardly recognize today. Their perspective on life was much more direct and simpler. People said what they meant, and meant what they said. It's a time long gone by, but hopefully not totally forgotten. If you happen to have the opportunity to meet someone of that era, grasp the wisdom of their years. And by all means, if you know of any retired Jersey Troopers who are approaching that centennial mark, please let me know, so they may be included in the infamous, *Centenarian Club!*

I'd like to briefly touch on one aspect of our Logo Merchandise Sales Operation, with regards to our Mail-In order for. In the last newsletter I specifically explained that, "because pricing changes do occur over the course of time, the order form will now include a "Good Thru" purchase date which will be updated with every newsletter issue." Please do not use old order forms as only current ones will be accepted! Mail-in order forms used after their expiration dates will be returned for correct submission and current pricing." Please do not submit any order form older than the one contained in this and future respective newsletter!

I continue to keep in contact with our own 'Marathon Man,' Lt. John Ouweleen, #1759 (*Ret*), and here's his update on the 119th running of the Boston Marathon (April 20, 2015):

First of all, it wasn't pretty, in fact more like nasty. The race started at 10:25am, and temperatures were around 42 degrees. It remained that way right up to the finish. At mile marker 4, it started to rain. Light at first, but increasing as every mile went by. Upon clearing Heartbreak Hill at mile marker 21, the real test began. The wind coming off the ocean at 25 MPH made it feel like it was 30 degrees. And with the wind in your face, along with the rain, the race turned into a survivorship. I finished with a 3:37:59 (9 minutes longer than 2014), and a 3rd place divisional (70-74) ranking. It was the worst Boston out of the nine I have completed. So bad, that the officials called the Red Sox game after 6 1/2 innings, and cancelled flights at Boston Logan. I consider myself lucky with a third, having been beaten by better and younger men. Already Thinking about London on April 24, 2016.

We'll be rooting for you John, every step of the way!

In closing, I would like to take this opportunity to once again thank everyone who assisted me in chronicling the ongoing history of our State Police, via my book *Jersey Troopers II*. Most everyone I asked gave great accounts of events and influential people that set the standards of "The Outfit." Of course there were a few who refused, but that was somewhat expected. I was very surprised with the overt support that I received regarding the sales of my book, especially in light of what I considered to be an extremely expensive price. I was very much against the price and argued with the publisher over what I thought was outrageous pricing. Their response was simply that the industry sets price, and a history book of that magnitude fetches the price they established. I am very grateful to everyone who did buy a copy. I hope it brought back some fond memories. But most important, I am very grateful that thanks to your support, I was able to fulfill my standing obligation and assist the child of a Jersey Trooper whose patrol was cut short due to an untimely off-duty death or disability. On May 2, 2015, at the FTA General Membership Meeting, I had the honor of presenting Joseph P. Lentini, III, son of Trooper I Joseph P. Lentini, Jr., #5076 with a cashier's check in the amount \$5,000.00 to aid him in his upcoming educational

Joseph, III and his mother Deborah Lentini w/George Wren

pursuit at Susquehanna University in Selinsgrove, PA. Trooper Lentini passed away on June 14, 2002, after succumbing to brain cancer when Joseph was only three years old. Once again, thank you all for helping me help the family of a fallen Jersey Trooper.

FEATURED MEMBER(S)

GENTLEMEN HEROES

I write this issue's Featured Member(s) article in a state of solemn loss, not for the plethora of words at my disposal, but for our genuine loss of two proud icons, longstanding comrades whose friendship, loyalty, and support to the State Police and the Former Troopers Association, cannot be refuted. On one hand I'm humbled, the other honored, to have the privilege of putting to paper a brief snapshot of the lives of our recent dearly departed, Lt. William H. "Bill" Long, Jr., #1295 and SFC Albert A. "Gunny" Hujdich, #1709, gentlemen heroes.

As you may well know, I could go on and on detailing Bill Long's and Gunny Hujdich's Marine Corps backgrounds, their military service as combat veterans during WWII and Korea, how they fought in some of the most vicious battles of the Korean War, and their postings in foreign lands. I could write about their medals and their ribbons, their combat wounds, and their years of continued service in the Reserves and National Guard. I could list their longtime proud membership in the United States Marine Corps / NJSP Group, the Marine Corps League and the many other ancillary Marine Corps charitable organizations, the many local American Veterans' Associations and Veterans of Foreign Wars Associations, as well as their support for the Wounded Warriors Foundation. I'm sure the list is long and their contributions of volunteer service and support to each organization is quite lengthy. And while both Bill and Gunny often spoke about the great things these organizations accomplished, neither boasted about their individual contributions.

I could talk about Bill's Long's extensive service in law enforcement, both before and after retiring from the State Police, first as a police officer in Woodbury, and later as a police chief in Newfield, as the undersheriff in Gloucester County, and as a police chief at Stockton State College. And lastly, while in his 80s, I would be very remiss not to mention Bill's years of service as a security officer for *Robins' Nest*, one of New Jersey most successful service agencies for abused and neglected children.

I could also talk about Gunny's service as an American Embassy Guard in London and Rome, about his security service to the Department of Treasury after retiring from the State Police, and about his service to the New Jersey Assembly as Sergeant at Arms.

I must admit that during my career, I had heard of the infamous “Mr. Clean” of Troop ‘A,’ but I’d never had the occasion to personally meet Bill Long, or Gunny Hujdich for that matter. However, once I retired from State Police service and joined the FTA that occasion became a privilege, and it didn’t take long for me to recognize the magnitude of their true stature. I can attest that I have never had the occasion to see either man, slouch in his seat, lean on a wall, or be dressed in anything that wasn’t cleaned, pressed or polished. At every sighting, they greeted everyone they came in contact, with a friendly smile and a firm handshake. And forget about the ladies, there isn’t a door that they haven’t opened or a complement they haven’t offered. I’ve never heard them speak ill of a fellow Marine, Trooper or the average citizen, and I’ve never heard either of them boast about their accomplishments. These were two men who gladly offered the wisdom of their years to anyone who needed a little advice. What you did or didn’t do with that knowledge depended on how much it would ultimately cost you! They were true gentlemen heroes.

Since becoming a member of the FTA Board of Directors in April 2010, I’ve had the opportunity to observe and record the contributions of the many members who volunteer their time and service to our Former Troopers Association. Together, Bill Long and Gunny Hujdich cannot be classified in any category below the TOP. Between them, they have faithfully volunteered their time in most every aspect of FTA service, from picking up coffee and donuts for the many meetings, to visiting ailing comrades and attending funeral services. They both rarely, if ever, missed a meeting and were always the first to step up and help out where ever they could. And, as you know, Gunny served for a long time, right up to the end, in the prestigious position of FTA Sergeant at Arms. Even as a Life Member, Bill recently stood up at a General Membership meeting and volunteered to pay for the newsletter. I have witnessed both Bill and Gunny stand as a doormen, direct and even park cars, give up their seat, or better yet, go get some for their fellow members, they sell and purchase logo merchandise, help out at the picnics, and clean up after every event, never once voicing a complaint, but instead, always lending a kind, supportive, and usually funny anecdote, accented by a wink and a smile.

These two men are the finest examples of lifelong true gentlemen heroes, especially in light of their love of their families, their loyal faith in God and that of their Church, as well as their support and volunteer service to the Former Troopers Association, and the many military and private support organizations they were a part of. You may have notice by now the documented repetitive theme of “service and support” these two men exhibited. At 90 and 85 years respectively, they put most of us to shame. Bill Long and Gunny Hujdich are the true example of who we should all be emulating.

Far too often the Bill Longs’ and Gunny Hujdichs’ of our Former Troopers Association have been overlooked by other so called more important and prominent figures, oftentimes personal friends who barely meet the minimum level of service and support these two men have shown for the FTA and other organizations. In fact, I would venture to say that the level of service and support these two men have shown for the NJSP and the FTA probably far surpasses that of most of our active members and directors, past and present. I know I have a long way to go, but hopefully by emulating their competence and character, one day I might be able to stand in their shadows.

I hope this brief synopsis of Bill Long and Gunny Hujdich has given you a glimpse of these great men and the lives they both led. It’s certainly not a perspective either man would have given, or even agreed to be written. While they each never shied away from professing the accomplishments of others, they never overtly professed to their own, usually avoiding any type of personal accolades. I for one consider them both true gentlemen heroes and icons of our Former Troopers Association!

I’ve touched on quite a number of things these two gentlemen should be acknowledged for, but I’m sure that I haven’t begun to scratch the surface. No doubt, there are many more accolades that I’ve missed, or aren’t even aware of, and I hope that you let me know about each and every one of them.

It is for all these stated reasons, that I with the utmost humility, announce that I have recently nominated Lt. William H. “Bill” Long, Jr., #1295 and SFC Albert A. “Gunny” Hujdich, #1709 (Together & Posthumously) as

co-recipients of this year's Former New Jersey State Trooper of the Year Award. I only wish that I had nominated them for this prestigious award before they both had passed. They were each most deserving, true gentlemen heroes. Their importance to the FTA, and to us all, will be sorely missed.

PHIL BERMAN BOXER "LEGEND IN HIS OWN TIME"

From time to time, we receive requests to have an announcement or an article placed in the newsletter. Here's an article submitted by Ellen Berman, on her father Lt. Philip Berman, #1192.

Retired Lt. Philip Berman... Badge #1192 joined the State Police in 1953 and retired in 1980. Phil's daughter Ellen created an appreciation website in memory of her father. This website is www.philbermanboxer.com and has Phil's life story as well as many articles and photos of his boxing career as well as his NJ State Police Career.

Phil Berman was proud to serve his country overseas in the Navy. He was a decorated war hero earning the Purple Heart of Courage in the South Pacific. He was also the Navy South Pacific Olympic Boxing Champion. When Phil came back to the war he served his city of Paterson as a Fireman and jumped in with "Superhuman Strength" and rescued a worker from a chemical tank explosion and lifted the blade where he was trapped. Phil finished his career serving the State of New Jersey as a Lieutenant in the NJ State Police. He was asked to develop a physical fitness manual that was distributed throughout the United States. He recruited his daughter Ellen to be his right hand person for this important task. She snapped pictures and helped to type up this manual on our home typewriter as a young teen. When Phil was a State Trooper he was selected for special event details to the White House in Washington, D.C. to guard President Kennedy, President Johnson and President Carter.

Hello Ellen---

I am a retired Lt. from the NJ State Police, Badge #2215. I too grew up in Paterson and went to his competitor high school---Central High School. He of course was much older than me---I was born in 1944--he of course 1926.

Your father was my phys ed instructor and some instructor he was. He was an exemplary human being and I often think of him and his imposing presence whether in a gym or in a classroom. We would often say an recruits in the academy, "can you imagine having to fight him?" Rich Malanga was the other Phys Ed instructor and was allegedly as tough as your Dad---of course we didn't think so! Your Dad was a class act, to say the least and it is soooooo nice to see what you put together for him---I'm sure he is soooo proud of you and your family. What a lovely tribute to your Dad. Thanks for sharing it with us.

Duty, Honor and Fidelity

Phil Berman will be inducted posthumously into the New Jersey Boxing Hall of Fame at the Venetian Room in Garfield New Jersey on November 10, 2016. Ticket information will be posted in the newsletter in spring of 2016 with detailed ticket information.

HISTORICAL HIGHLIGHTS

COOPERATIVE EFFORTS USE TECHNOLOGY TO SOLVE COLD CASE

It all began on October 19, 1968, when then twenty-four year-old Lee Hoffner was hunting in a rural field near Effort, PA. It was there that he happened upon the murdered body of Alfred Barnes, a Bethlehem Steel executive assistant. A few days later, Barnes' 1968 Ford Thunderbird was found dumped along a fire-tower road in Blairstown Station's area. But this wasn't just an abandoned car. Blood on the driver's seat and floor quickly raised the suspicion of responding Troopers. Station Investigator Herbert F. Orth, #1723 and Trooper Norman Denker, #1322, proceeded to the scene, assisted by Det. 2/c Jack R. Shade, #923 and ID Men, Det. 2/c Thomas A. Barna, #1080 and Det. 1/c Stanley C. Machnik, #959 who processed the car. Along with the blood they found a single .32 caliber bullet on the car's floor. An ownership check of the vehicle revealed the missing car was owned by the murdered victim. An autopsy performed by the Monroe County, PA Coroner's Office disclosed that Barnes expired as a result of being shot three times in the head with a .32 caliber weapon. He also received a single gunshot wound to the right hand.

Investigator Orth initiated the co-op investigation with the Pennsylvania State Police and Investigator James W. Roseberry, Jr., #1661 did some follow-up work after Herb was transferred to Division Headquarters. Unfortunately, no murder weapon was ever found, nor physical evidence retrieved to identify a potential suspect. With no leads to follow, the New Jersey co-op case was subsequently closed by DSG Dale L. Parks, #1342 in 1970.

from left to right: PSP Trooper Donald Marsh, NJSP Trooper Herbert Orth (Ret),
PSP Corporal Thomas C. McAndrew, PSP Trooper Richard Sachs (Ret), Texas Ranger James B. Holland,
PSP Trooper George Oressie (Ret) and PSP Corporal Shawn M. Williams.

Years passed and the case went cold. The old reports were archived in a cold case filing cabinet, waiting for the remote chance that someday, information would surface that would warrant its reopening. Periodic reviews of the case were made over the years with negative results.

Fast forward, forty-five years! New eyes were about to review the old records. Corporal Donald Marsh of the Pennsylvania State Police, a Criminal Investigator at the Fern Ridge Station was assigned the cold case. Sorting through the old reports a name jumped off the page, Richard Keiper. According to a 1971 report, a witness identified Keiper as the man who approached him in a bar and offered to sell him a gun for \$10, a gun reportedly used to shoot a man in the hand. The man had worked at Bethlehem Steel. Keiper reportedly also tried to sell the witness the man's clothes. Attempts to locate Keiper all came up negative and the case went cold.

That witness had volunteered vital information forty-two years earlier, information that should have cracked the case. But, as we all know, the technology of today didn't exist way back then. Investigators did learn that Keiper lived in nearby Allentown, PA at the time of Barnes' murder, but he was long gone and they had no resources to track him down. One stroke of luck did however present itself, that witness, Quaqu Kelly was still alive, and confirmed the same information he gave to investigators in 1971.

Today's technology gave investigators a leg up on the case that certainly wasn't available forty plus years ago, technology that found Richard Keiper living in Boyd, Texas. A telephone call to Texas prompted Texas Ranger James B. Holland to initiate a co-op investigation of his own. Ranger Holland picked up Keiper and brought him in for questioning.

While some might say that it was the technological advancements of today that solved this cold case, I'm going to stick with good ole' fashion smart police work, using today's technology. You see, during questioning, Ranger Holland got Keiper to believe that there was DNA evidence linking him to the murder. While we all know that wasn't the case, it was more than enough to prompt Keiper to start making admissions.

Extradited back to Pennsylvania, Richard Keiper stood trial this summer for the 1968 murder of Alfred Barnes. Forty-seven years is a long time to wait for justice. Most of the investigators who worked the case have since passed away, but a few that are still around were called upon to assist in the prosecution, including our own, Lt. Herbert F. Orth, #1723 (*Ret*).

Herb testified at the Monroe County, PA trial on June 28th to his part in the investigation, as well as to the findings of other Jersey Troopers involved in that October 1968 case. Keiper was found guilty on July 6th and is scheduled to be sentenced in October. The court must follow sentencing guidelines from the 1960s, which means Keiper faces life in prison without parole.

"To find people who, A, are still alive, B, are able to remember and articulate what had happened, that's no easy task. I have to give the credit to the investigators," said Monroe County first assistant District Attorney Michael Mancuso. "I always say DNA solved the case, because it was the defendant's belief that there was DNA that prompted him to start making admissions to the Texas Ranger, which first cracked open the case for us," Mancuso added. It's noteworthy to add from our side of the river that Mancuso, who was only three years old when Alfred Barnes was murdered, was actually born and raised in Newark, New Jersey.

It might be of interest to the younger guys and gals to know that many of the older Troops still have all their marbles, even after all the technological advancements, and after all that time. When the PSP Detective contacted the Hope Station a female Trooper asked if old #1723 was still alive. Not only is he still alive, but he just helped put away a murderer whose been on the lamb for almost forty-seven years! Congratulations everyone on another great job!

FORMER TROOPERS ASSOCIATION ANNUAL PICNIC

The FTA Annual Picnic was held on Friday, August 21, 2015, at the German-American Club Picnic Grounds, Hamilton, NJ. In the days leading up to the picnic, the threat of rain caused many to doubt that the picnic would go on as scheduled. But by 9:00 a.m., a brilliant sunshine cast aside all worries, drawing a record number of attendees not seen in the recent past with 512 retired and active Jersey Troopers, associates and family in attendance. This year's picnic also brought an afternoon of entertainment thanks to the fabulous Cameos! Their repertoire of musical hits had quite a few feet tapping, dance moves not seen in a long long time, and an awful lot of attendees singing along. A great time enjoyed by all who attended!

Special thanks go out our Mounted Trooper, Lt. Ted Schafer, #5207 and his trustee steed Sprout for providing rides to all of the children, and to the Aviation Bureau for flying in Colonel Fuentes and his staff to join in with the festivities, and display one of our State Police choppers. We would also like to thank the Pipes and Drums of the Blue and Gold for their attendance, lending the skirl of the pipes and beat of the drums to the occasion. And of course, to those active uniformed Troopers who stopped by for a quick bite and to share in some camaraderie with us "old salts." Congrats to those from the 48th 49th & 50th Classes on your 60th year anniversaries.

This year marked the 50th Class Anniversary for the members of the 66th/67th/68th/69th New Jersey State Police Classes. It was the 'first' time in the history of the New Jersey State Police to have a four multi-class group of recruits graduate from the New Jersey State Police Academy, 'all' in the same year, 1965.

Forty-eight former members were in attendance some travelling from as far away as Florida. Gary Knight, #2069, opened the ceremonies singing the National Anthem. Gary also was able to show-off his 'doo-wop' singing talents as he joined the 'Cameos' for a 'doo-wop' song on stage. The 50th four class anniversary committee would like to thank FTA President Sal Maggio, Director George Wren and this year's FTA picnic committee coordinator Ray Chintall for all their support and assistance in hosting our 50th Anniversary event.

August 11, 2015

Dear Senator Booker;

As your constituents, we urge you to become a co-sponsor of S-1982. A bill to “authorize a Wall of Remembrance as part of the Korean War Veterans Memorial and to allow private contributions to fund that Wall of Remembrance.

Many of your constituents, veterans and family members, feel that this magnificent Memorial which is to honor the veterans of the Korean War falls short of doing so in one very important omission. Nowhere in that memorial do we honor those 36,574 American military veterans that made the supreme sacrifice - of which 837 were citizens of New Jersey, giving their lives to ensure that the free people of the Republic of Korea would not suffer the tyrannies of Communism. They paid the ultimate price which underscores the Memorial’s theme, “Freedom is not Free.”

That is why we are asking you to lend your support to this effort of enhancing the Korean War Veterans Memorial in our Nation’s Capital to authorize a glass Wall of Remembrance. We hope that you will not hesitate to join your colleagues in honoring those 36,574 veterans who hailed from every State and Territory including 837 from New Jersey and become a co-sponsor of S-1982.

Respectfully,

VISITATION PROGRAM

The Former Troopers Association in cooperation with the New Jersey State Police developed the Visitation Program in 2009. The program was designed to check on the well being of retired members and to lift the spirits of those who may be seriously ill, homebound, or in need of some old fashion camaraderie by their fellow Jersey Troopers. Visits are scheduled utilizing both active duty uniformed personnel and representatives from the Former Troopers Association. The Former Troopers Association currently maintains lists of retired volunteers in north, central and southern New Jersey to draw upon for visits. Visits can be scheduled via a request from any FTA or family member, or a friend. In respecting the privacy of our members these visits will only be conducted with his or her approval. The FTA is also looking for additional retired volunteers to assist with visits to our members. Visitation requests and/or volunteers may contact the Former Troopers Association office by telephone at 1-609-588-8323. Your assistance in this endeavor is greatly appreciated.

5 THINGS YOU NEVER KNEW YOUR CELL PHONE COULD DO

For all the folks with cell phones. (This should be printed and kept in your car, purse, and wallet. Good information to have with you.)

There are a few things that can be done in times of grave emergencies. Your mobile phone can actually be a life saver or an emergency tool for survival. Check out the things that you can do with it:

FIRST - (Emergency)

The Emergency Number worldwide for Mobile is 112. If you find yourself out of the coverage area of your mobile network and there is an Emergency, dial 112 and the mobile will search any existing network to establish

the emergency number for you, and interestingly, this number 112 can be dialed even if the keypad is locked. Try it out.

SECOND - (Locked Keys in Car)

Have you locked your keys in the car? Does your car have remote keyless entry? This may come in handy someday. Good reason to own a cell phone:

If you lock your keys in the car and the spare keys are at home, call someone at home on their cell phone from your cell phone. Hold your cell phone about a foot from your car door and have the person at your home press the unlock button, holding it near the mobile phone on their end. Your car will unlock. Saves someone from having to drive your keys to you. Distance is no object. You could be hundreds of miles away, and if you can reach someone who has the other 'remote' for your car, you can unlock the doors (or the trunk).

THIRD - (Hidden Battery Power)

Imagine your cell battery is very low. To activate, press the keys ***3370#**. Your cell phone will restart with this reserve and the instrument will show a 50% increase in battery. This reserve will get charged when you charge your cell phone next time.

FOURTH - (How to disable a STOLEN mobile phone?)

To check your Mobile phone's serial number, key in the following Digits on your phone: ***#06#**. The serial number will appear on the screen. This number is unique to your handset. Write it down and keep it somewhere safe.

If your phone is stolen, you can phone your service provider and give them this code. They will then be able to block your handset so even if the thief changes the SIM card, your phone will be totally useless. You probably won't get your phone back, but at least you know that whoever stole it can't use/sell it either. If everybody does this, there would be no point in people stealing mobile phones.

and finally,

FIFTH - (Free Directory Service for Cells)

Cell phone companies are charging us \$1.00 to \$1.75 or more for 411 information calls when they don't have to. Most of us do not carry a telephone directory in our vehicle, which makes this situation even more of a problem. When you need to use the 411 information option, simply dial: **(800) FREE 411** or **(800) 373-3411** without incurring any charge at all. Program this into your cell phone now.

This is the kind of information people don't mind receiving, so pass it on to your family and friends.

Wednesday, July 1, 2015 -

SPRINGFIELD, Mass. –The Naismith Memorial Basketball Hall of Fame today announced that veteran NBA official and current Vice President of the league’s referee operations, Bob Delaney, has been elected to the Board of Trustees. He is the first referee to serve on the Hall of Fame’s Board. He will serve as one of 30 members on the Board of Trustees.

“The Naismith Basketball Hall of Fame honors the game and being the first referee to be a Board of Trustee member is humbling,” said Delaney. “The opportunity to represent the officiating community is a great honor. I embrace this responsibility with dedication, commitment and enthusiasm to my fellow Board Members and the Hall of Fame.”

As referee in the NBA for 24 years, Delaney became one of the most respected in the game. A native of New Jersey, he spent 14 years in law enforcement prior to his officiating career. His tireless and ground breaking work with Post-Traumatic Stress providing education and awareness for military, law enforcement, firefighters, first responders and their families has gained international recognition. In 2011, Delaney was recruited by Commissioner David Stern to serve as an NBA Cares Ambassador and in 2014 the Hall of Fame named Delaney a recipient of the Mannie Jackson Basketball’s Human Spirit Award.

“Bob Delaney is one of the most well-respected referees the game has ever seen,” said John L. Doleva, President and CEO of the Basketball Hall of Fame. “This is because of the tremendous man he has proven to be both on and off the court. He represents the game with the utmost integrity and we are very pleased to have him joining our Board of Trustees.”

The Board of Trustees serves as the group responsible for preserving the fundamental mission and financial well being of the Basketball Hall of Fame. They serve as ambassadors for the Hall promoting its core mission, which is to celebrate the greatest moments and people in basketball. Made up of individuals that work in or have worked in the game, as well as business leaders that have supported the game, the Board also elects all Governors of the Hall.

A complete list of Naismith Memorial Basketball Hall of Fame Board of Trustees members can be found in the attached release.

About the Naismith Memorial Basketball Hall of Fame:

Located in Springfield, Massachusetts, the city where basketball was invented, the Naismith Memorial Basketball Hall of Fame promotes and preserves the game of basketball at every level – professional, collegiate and high school, for both men and women on the global stage.

Let's Talk Express Scripts MEDICARE Prescription Drug Plan

Coming up on the BIG 65? Remember retirees and their spouses MUST enroll in Medicare upon turning 65. Failure to do so will result in losing your State Health Benefits. So be sure to register with Medicare approximately 3 months before your 65th birthday and provide proof to the NJ Division of Pension and Benefits. This will ensure no loss of State Health Benefits coverage.

Retirees and/or covered spouses/partners who are eligible for Medicare will be enrolled through Express Scripts in Medicare Part D prescription drug coverage. Express Scripts is the prescription drug plan administrator for these retirees and coverage in the Express Scripts Medicare Prescription Drug Plan is similar to the Express Scripts plan for non-Medicare eligible members — i.e. members pay the appropriate copayment for either a retail

or mail order prescription drug order. Have questions? Click on this link for answers to the most asked questions.

COMICS & CONSIDERATIONS

TO KILL AN AMERICAN

You probably missed this in the rush of news, but there was actually a report that someone in Pakistan had published in a newspaper, an offer of a reward to anyone who killed an American, any American.

So an Australian dentist wrote an editorial the following day to let everyone know what an American is. So they would know when they found one. (Good one, mate!!!!)

An American is English, or French, or Italian, Irish, German, Spanish, Polish, Russian or Greek. An American may also be Canadian, Mexican, African, Indian, Chinese, Japanese, Korean, Australian, Iranian, Asian, or Arab, or Pakistani, or Afghan.

An American may also be a Comanche, Cherokee, Osage, Blackfoot, Navaho, Apache, Seminole or one of the many other tribes known as 'native' Americans.

An American is Christian, or he could be Jewish, or Buddhist, or Muslim. In fact, there are more Muslims in America than in Afghanistan. The only difference is that in America they are free to worship as each of them chooses.

An American is also free to believe in no religion. For that he will answer only to God, not to the government, or to armed thugs claiming to speak for the government and for God.

An American lives in the most prosperous land in the history of the world. The root of that prosperity can be found in the Declaration of Independence, which recognizes the God given right of each person to the pursuit of happiness.

An American is generous. Americans have helped out just about every other nation in the world in their time of need, never asking a thing in return.

When Afghanistan was over-run by the Soviet army 20 years ago, Americans came with arms and supplies to enable the people to win back their country!

As of the morning of September 11, Americans had given more than any other nation to the poor in Afghanistan.

The national symbol of America, The Statue of Liberty, welcomes your tired and your poor, the wretched refuse of your teeming shores, the homeless, tempest tossed. These in fact are the people who built America.

Some of them were working in the Twin Towers the morning of September 11, 2001, earning a better life for their families. It's been told that the World Trade Center victims were from at least 30 different countries, cultures, and first languages, including those that aided and abetted the terrorists.

So you can try to kill an American if you must. Hitler did. So did General Tojo, and Stalin, and Mao Tse-Tung, and other blood-thirsty tyrants in the world. But, in doing so you would just be killing yourself.

Because Americans are not a particular people from a particular place, they are the embodiment of the human spirit of freedom. Everyone who holds to that spirit, everywhere, is an American.

THE TICKET

A motorcycle police officer stops a driver for shooting through a red light. The driver is a real bastard, steps out of his car and comes striding toward the officer, demanding to know why he is being harassed by the Gestapo!

So the officer calmly tells him of the red light violation. The motorist instantly goes on a tirade, questioning the officer's ancestry, sexual orientation, etc., in rather explicit offensive terms. The tirade goes on without the officer saying anything.

When the officer finishes writing the ticket he puts an "AH" in the lower right corner of the narrative portion of the ticket, and hands it to the 'violator' for his signature. The guy signs the ticket angrily, and when presented with his copy points to the "AH" and demands to know what it stands for.

The officer says, "That's so when we go to court, I'll remember that you're an asshole!"

Two months later they're in court. The 'violator' has a bad driving record with a high number of points and is in danger of losing his license, so he hired a lawyer to represent him.

On the stand the officer testifies to seeing the man run through the red light.

Under cross examination the defense attorney asks, "Officer, is this a reasonable facsimile of the ticket that you issued to my client?"

The Officer responds, "Yes sir, that's the defendant's copy, his signature and mine, same number at the top."

The attorney then asks, "Officer, is there any particular marking or notation on this ticket you don't normally make?"

"Yes sir," the Officer replies. "In the lower right corner of the narrative there is an "AH," underlined."

"What does the "AH" stand for, officer?" asks the attorney.

"Aggressive and hostile, Sir."

"Aggressive and hostile?"

"Yes Sir."

"Officer, are you sure it doesn't stand for asshole?"

"Well sir, you know your client better than I do."

How often can one get an attorney to convict his own client?

Dear F.T.A. Member:

Please allow me to introduce myself and Prime Time Mortgage Corp. I have had the privilege of being personally involved with the mortgage related needs of New Jersey State Troopers since 2010. The mortgage lending environment has changed dramatically over the course of the last few years. The needs of consumers have also changed. It is no longer possible to "place an order" for a mortgage loan. Federal and State Regulators demand meticulously originated mortgage loan files for the extension of new credit. My expertise and reputation with numerous Troopers rests upon making the process as painless as possible.

Whether you are a first time homebuyer with a 3.5% down payment or a seasoned homeowner in need of a refinance, I will help you navigate the process. Prime Time Mortgage Corp. offers Fannie Mae and Freddie Mac conventional and jumbo loan programs with fixed interest rates and Reverse mortgages. FHA, VA and HARP loan programs with fixed interest rates are also available. Each Trooper has unique needs. It is my job to identify the correct loan program. Most importantly, special consideration is given to New Jersey State Troopers and their families. Competitive loan terms with NO closing costs are made available. I will also provide a proposal with closing costs so that you are able to make an educated decision.

The nicest phone call that I get is when a Trooper is simply looking for advice. If you are already working with another lender, I am happy to help you understand the loan terms and provide reassurance. I pride myself on the fact that there is never any pressure to do business with Prime Time Mortgage Corp. Please keep us in mind for any mortgage related needs.

Should you have any questions, please do not hesitate to contact me anytime directly at **973-699-1983**.

Sincerely,

FTA,

We took my grandson, Luke, to the Christmas Open House, in December 2014. I am reminded of the great time that we shared every time I look at this photo. As the State Police helicopter transporting Santa Claus landed, my wife took this photo of Luke on my shoulders. As they say, a picture is worth 1000 words. I don't think that words could describe what Luke was feeling as he watched Santa Claus land. On behalf of my wife (Linda), my son (John) and Luke, thanks for a great day.

*Dear Former Troopers Association,*

*I am eternally grateful and privileged to have received a \$1000 dollar scholarship from your organization. Often in high school, I have felt overlooked academically. It is with great honor to not only have been recognized by your organization but to be a recipient as well. Furthermore, I was also chosen as the top candidate, which only increased my confidence your organization has provided for myself. Nonetheless, your organization has helped instill confidence in me that is worth as much as a financial reward. I can know that no matter what academic or financial stress is upon myself, that this organization believes in me and that I will help me continue on and face any challenge. I will leave my personal email if anyone wishes to contact me. Again, I am eternally grateful.*

Dear FTA,

I would like to thank you for your support in helping fund the educational expenses of graduating seniors. My son, Kevin, was one of the recipients of the \$500 FTA scholarship. It was presented to him by his proud grandfather, Capt. John Genz, #1568 (Ret), at the Donovan Catholic High School award ceremony held on June 4<sup>th</sup> at St. Joseph Church in Toms River, NJ (photo attached). As you know, Kevin's great-grandfather, Lt. John Genz, #602, was the first president of the FTA. I am sure he was looking down from heaven with a tear and a smile. I am honored and proud to be an associate member of this outstanding organization founded in part by my beloved grandfather.

Sincerely,

Dear Mr. Maggio,

As school has now come to a close, and all the end of the year activities such as finals and graduation have reached their conclusions, I would like to take this time to thank you and the committee who have awarded me this scholarship. This generous scholarship will allow me to purchase books and other tools I will need to help me further my education at Georgetown University.

Not only will this scholarship help me personally in college, but it will also help my family as well. As you know college is an expensive burden, and this award will help alleviate some financial stress from my family as well.

While in college, I will do my best to uphold the values represented by this scholarship. This includes being charitable and helpful to others along with working together to achieve a common goal.

I thank you again for this opportunity!

Sincerely,  
Matthew Kazanowsky

Your financial generosity has allowed me the opportunity to be one step closer to my goal and has inspired me to continue to serve my community well and hopefully someday help others the way you have generously helped me.

Sincerely,  
Anthony Gatto
